Whereas, Covid-19, is declared as a global pandemic by the World Health Organisation. Government of India also declared it as a disaster and announced several measures to mitigate the epidemic. Government of Kerala, has deployed several stringent measures to control the spread of the epidemic.

And whereas, SRO notification issued by Govt of Kerala as Kerala Epidemics Diseases, Covid 19, Regulations 2020 in official gazette stipulates that all possible measures shall be incorporated to contain the disease.

And whereas, more than 550 live cases are treated in various hospitals in the district as on date, and epidemiological investigation has been carried out in each and every case and their primary and secondary contacts have been traced for effective containment of further transmission of disease. As on 12th July 2020, a large number of cases with unknown sources leading to multiple clusters have been identified in the city. The epidemiology of these cases is being established. But their contact tracing is done and identified primary contacts are spread along various LSGs in Thiruvananthapuram district. Most of these unknown cases and local contacts have a large number of contacts throughout the city.

And whereas, the District Authority has examined the matter in detail and is convinced that the need for continuation of total and complete lock down within the limits of Corporation is genuine and urgent to contain the further spread of the Covid-19.

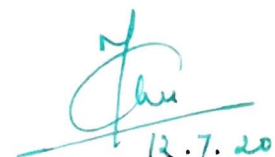

And now therefore, I, Dr. Navjot Khosa IAS, District Collector & Chairperson of District Disaster Management Authority under the powers vested with me as the District Authority to invoke the provisions envisaged in the sec 26, 30 and 34 of the Disaster Management Act 2005 and passes the order as follows.
