

GLOBAL LABOUR MARKET

FACT SHEET

2022

For any questions, contact Robin Lechtenfeld, Labour Market Intelligence Officer (robin.lechtenfeld@wecglobal.org).

This Labour Market Fact Sheet is developed by the World Employment Confederation, gathering statistics from various international organisations, such as the International Labour Organization (ILO), the World Bank and the Organisation for Economic Cooperation and Development (OECD).

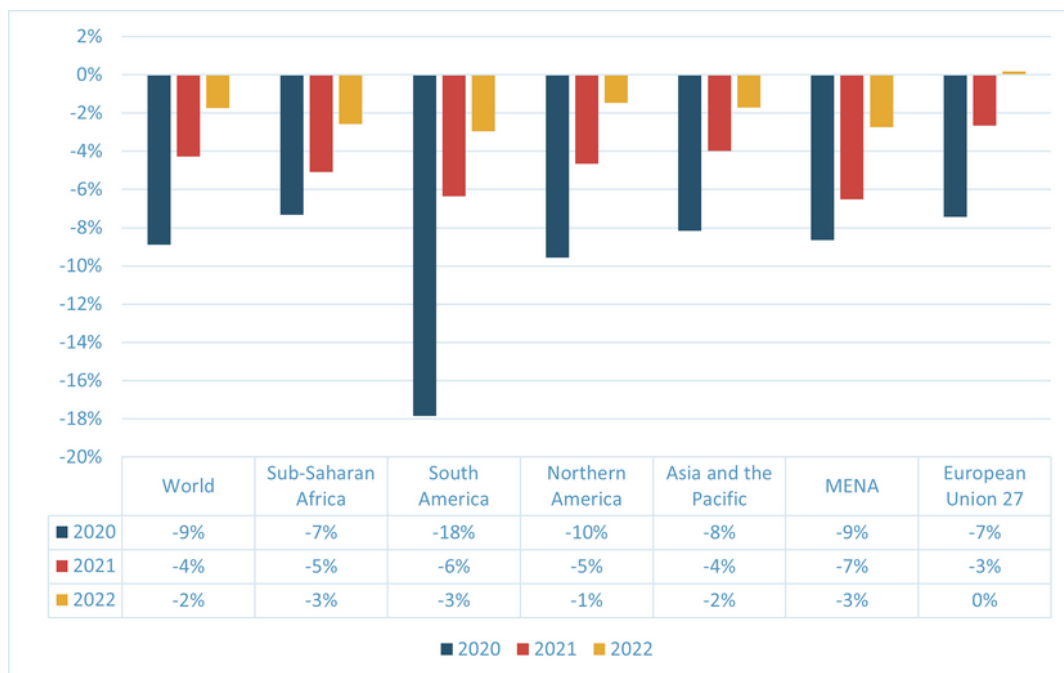

It provides a fact-based picture of some of the most relevant indicators of global labour markets. It additionally offers insight into the developments and trends of recent years while also comparing the different regions of the world.

Regional unemployment rates

Source: World Bank/ILO

Working hours lost compared to Q4 2019 (%)
